ABOUT SANSKARAM

Sanskaram University, established in 2024 is an esteemed institution, under the Haryana Private Universities Act 2006 (Haryana Act No. 3 of 2024), marking a profound commitment to academic excellence and holistic development. Recognized by the University Grants Commission (UGC) under section 2(f) of the UGC Act 1956, our campus is strategically located just 40 km away from the bustling New Delhi International Airport.

We take pride in our comprehensive accreditation, including approvals from esteemed bodies such as the All India Council of Technical Education, Bar Council of India, Pharmacy Council of India, and Veterinary Council of India. We offer diverse programs spanning B.Tech with specializations in cutting-edge fields like Artificial Intelligence and Data Science, Law, Pharmacy, Agriculture, Management, and BMLT, we prepare our students to lead in an ever-evolving global landscape.

Our sprawling 60+ acre eco-friendly campus provides an ideal environment for learning, complemented by air-conditioned classrooms, a distinguished faculty, state-of-the-art laboratories, and an auditorium equipped with the latest features. With a Wi-Fi-enabled campus and separate accommodations for both male and female students, we ensure a conducive atmosphere for growth and exploration.

Sanskaram prides itself on fostering meaningful partnerships with industry leaders such as Apple, Microsoft, and the Airports Authority of India, facilitating invaluable academic collaborations and international exchange programs. Moreover, we are committed to nurturing aspiring civil servants and professionals, offering free coaching for UPSC Civil Services, Haryana Civil Services, Judicial Examinations, and various competitive exams.

In our pursuit of academic excellence, we strive to make quality education accessible to all, offering scholarships of up to 100% in our undergraduate programs. We believe in empowering our students to realize their full potential and shape a future world of innovation, integrity, and impact which will have an ever-lasting impact on society.

- Student Centric Approach

SCHOOL OF AGRICULTURE

The School of Agriculture program offers a comprehensive and interdisciplinary education aimed at preparing students for careers in various facets of the agricultural industry and related fields. Through a combination of theoretical knowledge and hands-on practical experience, students gain expertise in areas such as crop production, animal husbandry, agricultural economics, agribusiness management, sustainable agriculture, and agricultural technology. The program emphasizes critical thinking, problem-solving, and innovation, equipping students with the skills and competencies necessary to address the complex challenges facing the agriculture sector today, including food security, environmental sustainability, and rural development. With a strong focus on experiential learning, industry partnerships, and research opportunities, the School of Agriculture program strives to produce graduates who are well-rounded professionals capable of making meaningful contributions to the advancement of agriculture and agribusiness both locally and globally.
